

Serial No.: 09/521,685

Docket No: 112770 CON

**CLAIMS**

1-43. Canceled.

1        44. (Currently Amended) A method performed by a guarantor of payment  
2        for purchases, the method comprising  
3        receiving from a user a request to send to said user at least one ~~short-term~~  
4        certificate, said request containing at least information that verifies the identity of said  
5        user,  
6        responsive to said request, and upon authenticating said user, determining a  
7        maximum amount and a period of time during which said guarantor is willing to  
8        guarantee payment for purchases by said user,  
9        sending to said user a ~~short-term~~ certificate guaranteeing payment up to said  
10       maximum amount for a purchase by said user from a supplier in a transaction carried  
11       out over a network, so that said user is enabled to enter into said transaction using said  
12       ~~short-term~~ certificate as a form of payment that will be accepted by said supplier, said  
13       short term certificate including expiration information corresponding to said period of  
14       time,  
15       receiving said ~~short-term~~ certificate and an electronic record of said transaction  
16       from said supplier, and  
17       making payment to said supplier for said purchase a) without having received  
18       from said supplier any request for assurance relative to said ~~short-term~~ certificate or  
19       relative to said guarantor's guarantee to make said payment, and b) without providing  
20       any such assurance to said supplier, and  
21       billing said user for said purchase through a regular billing channel between said  
22       guarantor and said user.

1        45. Canceled.

1        46. (Previously Presented) The method of ~~claim 45~~claim 44 wherein said  
2        regular billing channel is a telephone bill.

1        47. (Currently Amended) The method of claim 44 wherein said ~~short-term~~  
2        certificate further includes an assertion of at least one entitlement for said user in  
3        addition to the ability to use said ~~short-term~~ certificate to pay for purchases.

Serial No.: 09/521,685

Docket No: 112770 CON

1           48.   (Currently Amended) The method of claim 44 wherein said ~~short-term~~  
2 certificate further includes an indication that said user is entitled to a discount to the  
3 cost of said purchase.
